Exhibition Proposal Guidelines

Proposal Submission Guidelines

The International Museum of Art & Science (IMAS) located in the Rio Grande Valley inspires audiences of all ages to explore art and science through its permanent collections, exhibits, programs, and partnerships by empowering learners to discover their interests and pursue their passions. IMAS considers exhibition proposals from adult artists (18+ years). We encourage submissions from artists who have mastered their art media and have past exhibition experience. Artists creating new work, site-specific installations or a special project for exhibition are strongly encouraged to apply.

All exhibit proposals are subject to museum review and availability. The IMAS accepts exhibition proposals throughout the year. The Museum works through a formal committee to process all proposals. Not all proposals are guaranteed to be accepted for an exhibit.
Please allow six months for the review process. The Museum's exhibition calendar is scheduled up to 3 years in advance of current showings. A representative will reach out to confirm the submission of the proposal inquiry and again once your review is complete.

All proposals must adhere to the guidlines below.
